

CALVIN *Jay* EMERSON

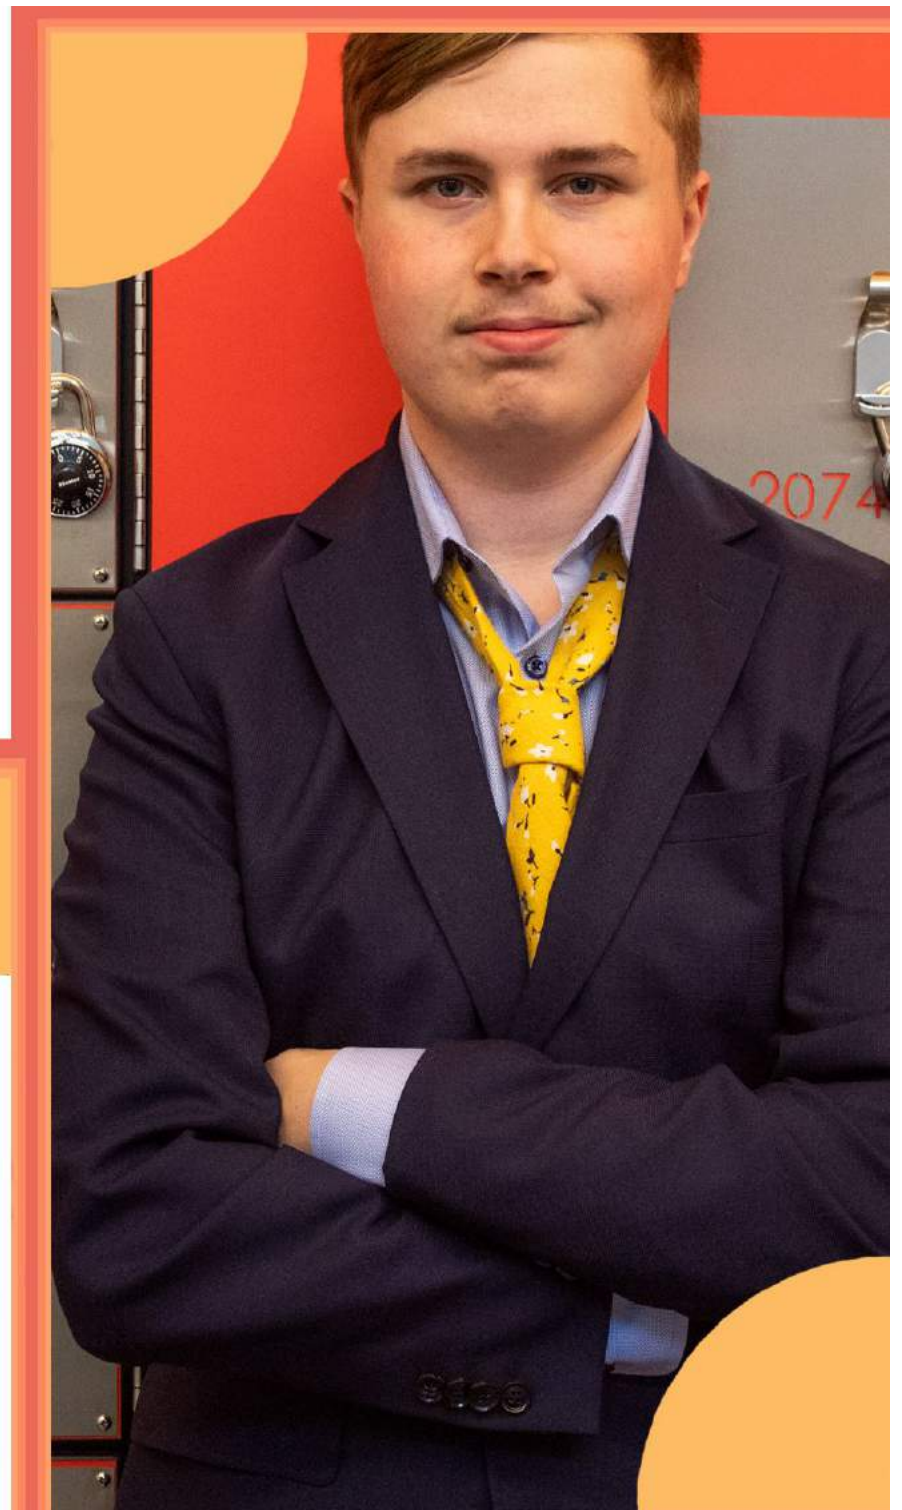

DIVISION IV VICE PRESIDENT

Hope Is On The Horizon.

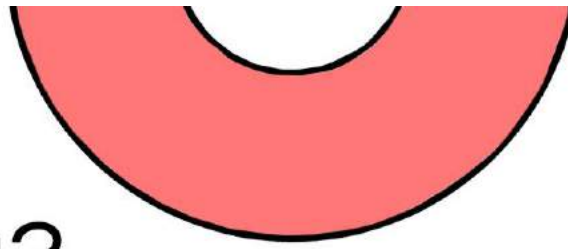

Every chapter of Phi Theta Kappa should always be striving to achieve one goal: To make every student we meet see themselves with a better, brighter future.

As your vice president, I would use my voice to illuminate new roads forward for every student, regardless of who they are, what they can do, or who they love. Only through hard work and empathy will we make Division IV shine with possibilities.

Why Are You Running?

After lockdown, I promised myself that I wouldn't miss any big opportunity that came my way. When I heard about the election, becoming an officer felt like the right next step.

Goals, If Elected Officer:

To empower and support students with mental/physical disabilities.
