

# LIAM BLAKEWAY

FOR  
INTERNATIONAL PRESIDENT

Beta Lambda Mu Chapter | Lone Star College-CyFair  
Houston TX

## "I AM BECAUSE WE ARE" #IBELONG #YOUBELONG

Liam Blakeway, born and raised in South Africa, is deeply empathetic and desires to help others. His proclivity to help others led to being awarded the role of student body president in his final year at school. Liam has always gravitated toward leadership roles. While managing human resources in a family business, a life threatening security incident led him to reflect on what is most important in life. As a result, he decided to study abroad and give back to society. Liam plans to enroll in the Medical Radiologic Technoloy (AAS) program as Lone Star College and hopes to eventually be part of a medical team that helps patients on their wellness journey. Liam's caring nature is deeply rooted in his uBuntu attitude "I am because we are" - thus embracing humanity and extending love and inclusion toward others as the foundation of his iBelong and youBelong inclusivity and diversity campaign.
